

## BEST BRANDS HISTORY

Our history began when Manuel Eskind started Capital Distributing, a wholesale wine and spirits distribution company, in 1939 when Prohibition was repealed in the State of Tennessee. Manuel was granted License #3 for the state. In 1983, an opportunity arose for the grandchildren of Manuel to start their own distribution company, and Best Brands Inc. was born. Since then, Best Brands has established itself as a dominant player in the Tennessee market with three climate controlled warehouse spaces totaling over 200,000 SqFt.

Best Brands is still a family-owned and operated business with the fourth generation of the family actively involved in its success. Best Brands is a major force in the Tennessee market with an experienced management team and sales staff, second to none. Our people's devotion to promoting and growing our brands, both on-premise and off-premise, separates this company from our competition.
